SEOUL GARDEN SHOW

Nature and people coming together in happiness - in "Seoul, the city of forests and gardens!" Just a thought of this idea swells one's heart. In order to realize this beautiful dream, the city of Seoul is pushing forward various projects with a goal : "a thousand forests, a thousand gardens." Every year since its opening in 2015, "Seoul Garden Show" has been showcasing "Show Gardens," created by the best garden designers, "Citizen's Gardens," designed and built by the citizens themselves, and diverse types of "Theme Gardens" - around eighty gardens in total - as part of this mission.

SEOUL GARDEN SHOW : Introduction

Seoul Garden Show is a garden show hosted by Seoul Metropolitan Government. There are over 80 new gardens including “Show Gardens,” “Citizen’s Gardens,” and “Theme Gardens,” which show off the latest trends in the garden design.

During this event the “Garden Industry Expo” will be held to introduce various garden items and garden plant materials. There will also be a “Garden Conference” to introduce garden information and new technologies.

A “Festival” with various celebration performances will be held together with a gardening experience program. An average of 800,000 visitors visit the expo each year. The whole event will be hosted from October 3 to 9, 2018 in Yeouido Park in the Yeouido, the political and economical capital of Korea. We recommend the Seoul Garden Show 2018 themed as “Seoul Picnic”.
